To Junior from a friend that
copied most of the year no all year
no really your a good friend odd clothes
but thats ok luck next year

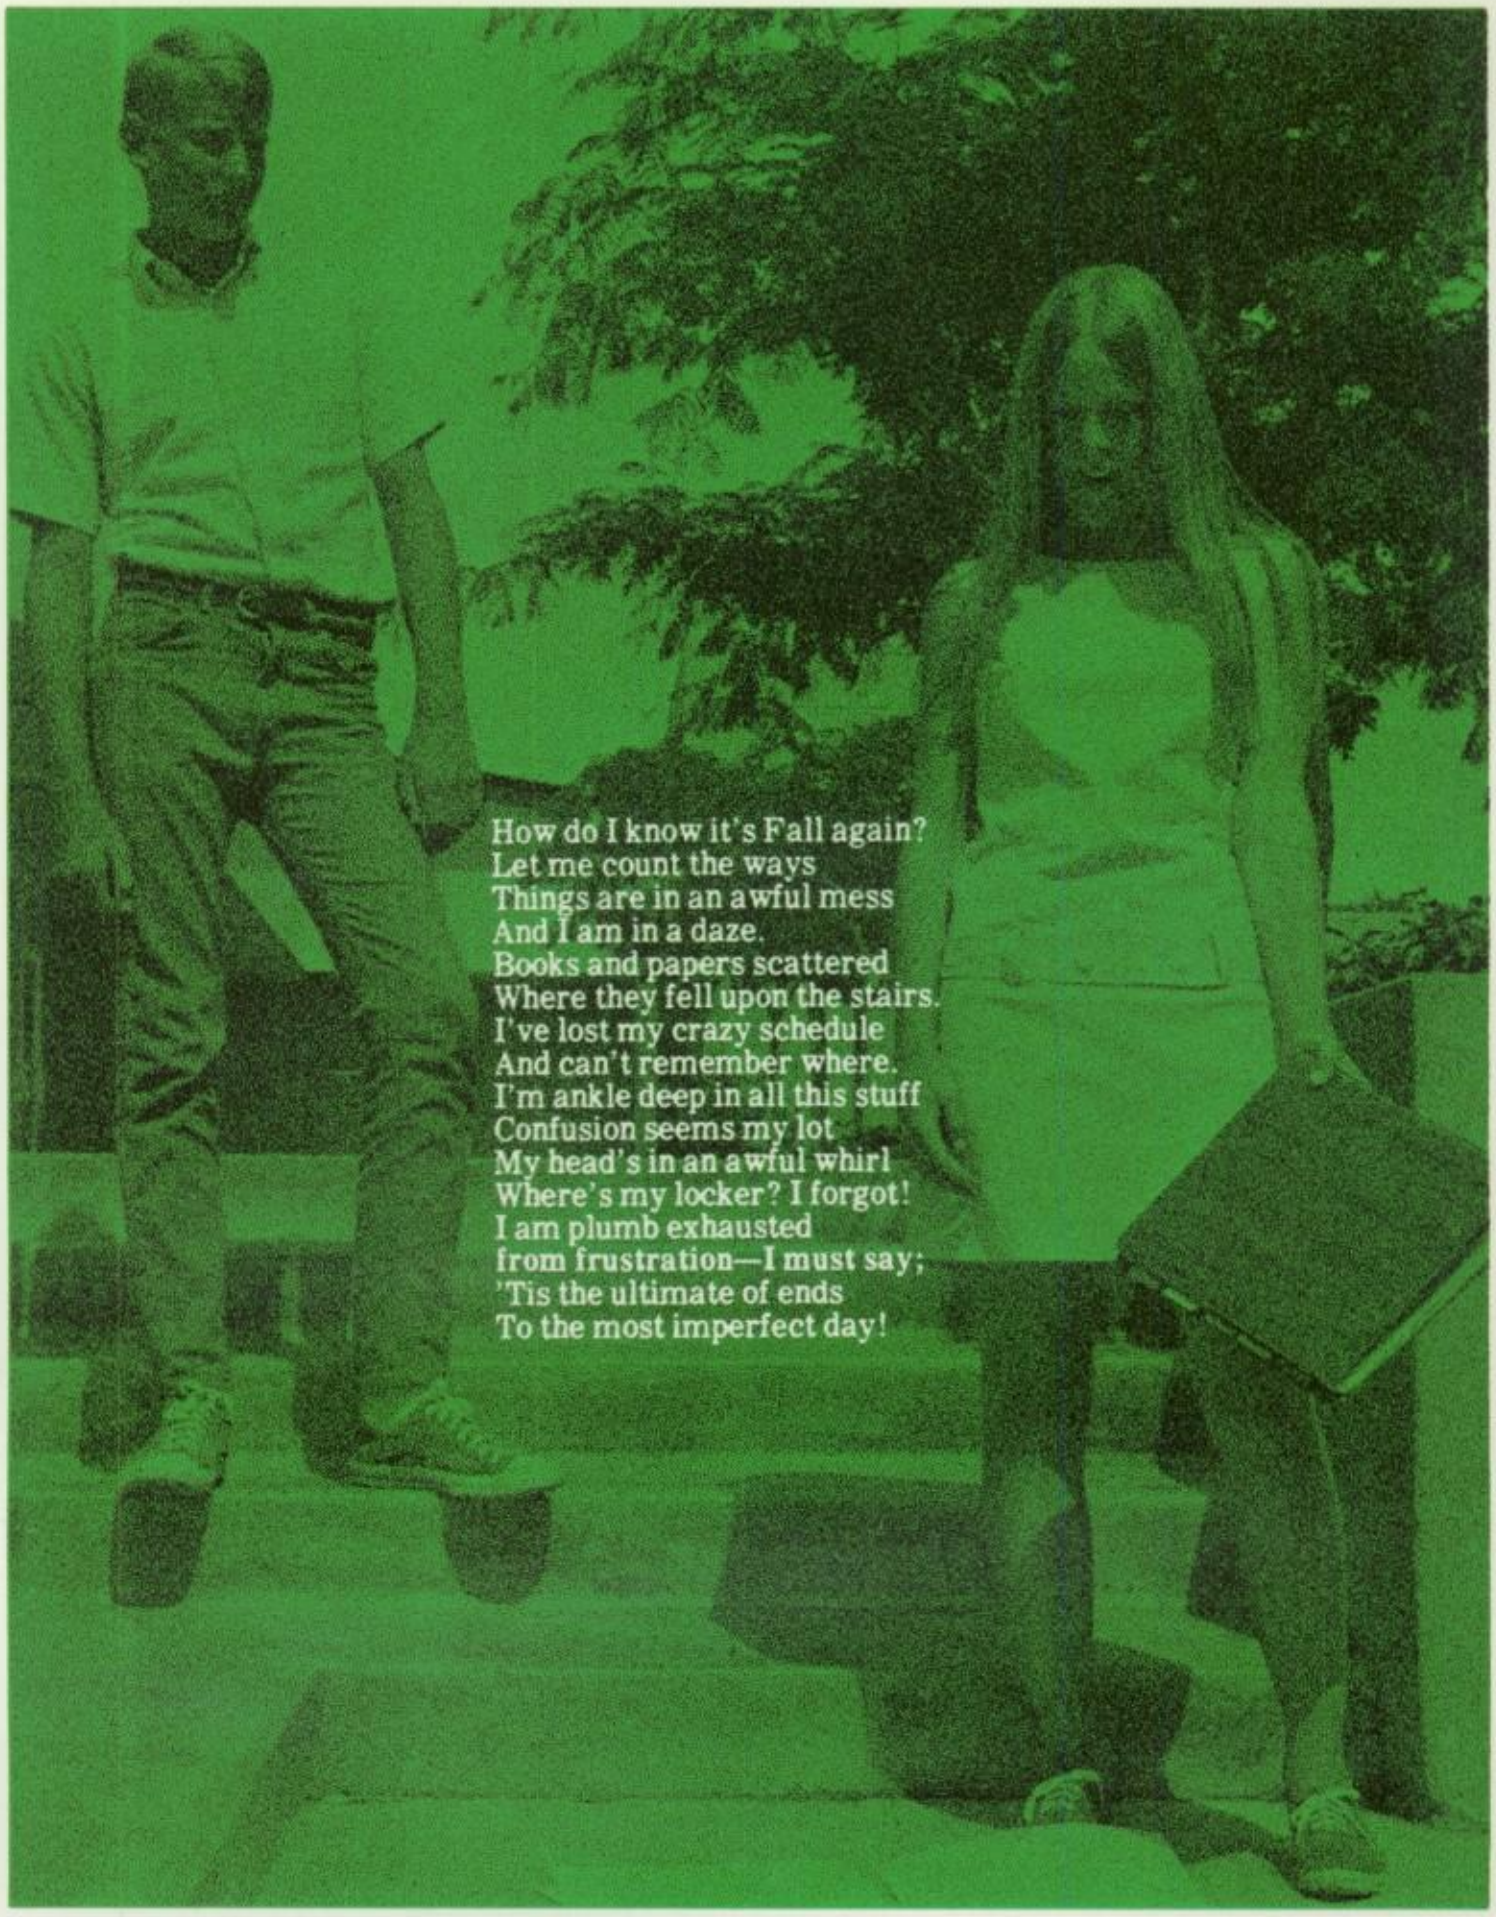
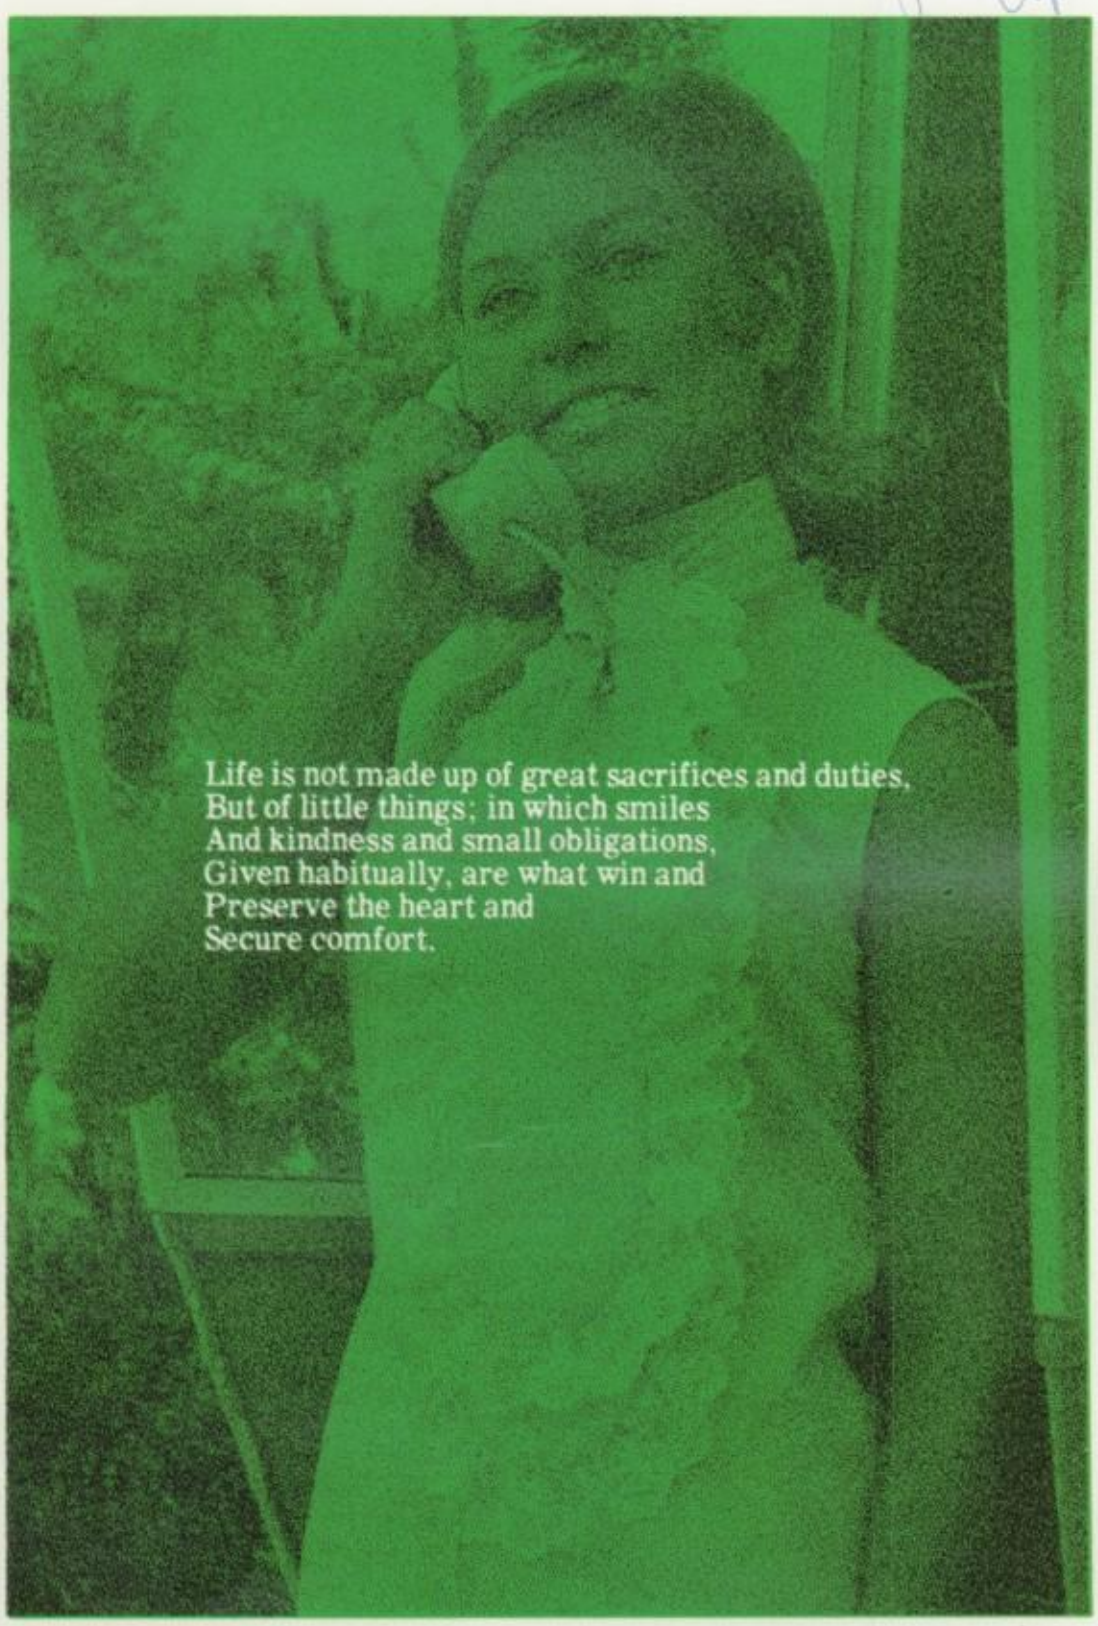
a time to smile

Autograph



How do I know it's Fall again?
Let me count the ways
Things are in an awful mess
And I am in a daze.
Books and papers scattered
Where they fell upon the stairs.
I've lost my crazy schedule
And can't remember where.
I'm ankle deep in all this stuff
Confusion seems my lot
My head's in an awful whirl
Where's my locker? I forgot!
I am plumb exhausted
from frustration—I must say;
'Tis the ultimate of ends
To the most imperfect day!



Life is not made up of great sacrifices and duties,
But of little things; in which smiles
And kindness and small obligations,
Given habitually, are what win and
Preserve the heart and
Secure comfort.

Dear Julie
I'll never forget my
1st buddy you're a good

Julie,

Really & Ronald write Jr!
Well I guess that's one year! Now we have 3 to feed! Your a HEAVY cousin & hope you & James & Uncle come down more! I really wish you the best of luck in whatever you do 'cause you have got some big ambitions. I hope you get your scholarship 'cause you've really got some thing in that head!

And I hope you get what you deserve out of life!

Luv,
Irene!

P.S.
Have fun looking out at the parties!

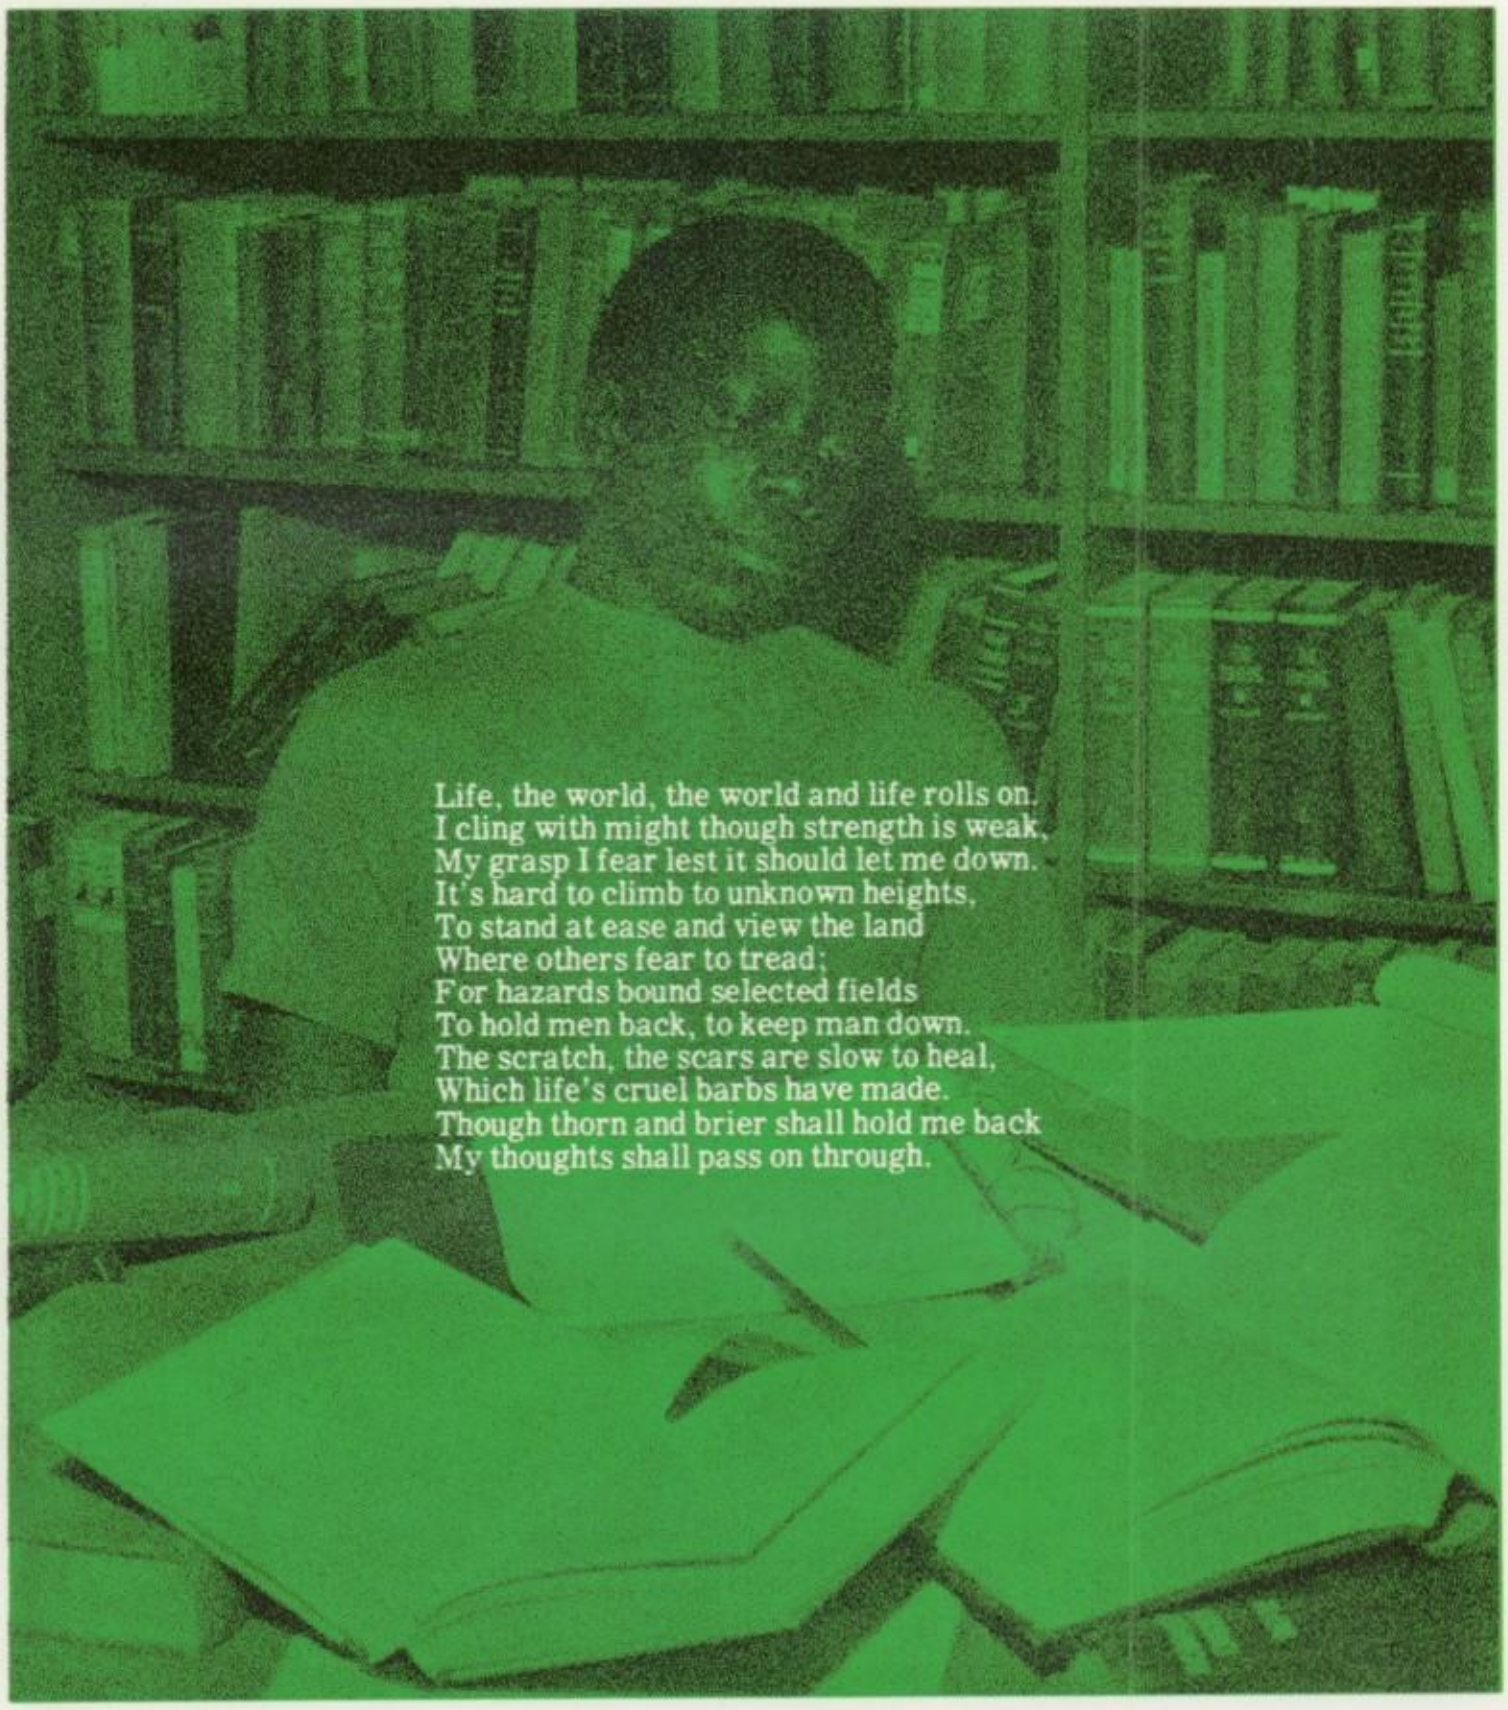
Education does not mean teaching people what they do not know. It means teaching them to behave as they do not behave. It is a painful, continual, and difficult work to be done by kindness, by warning, by precept, and by praise, but above all—by example.
John Ruskin



Life, the world, the world and life rolls on.
I cling with might though strength is weak,
My grasp I fear lest it should let me down.
It's hard to climb to unknown heights,
To stand at ease and view the land
Where others fear to tread;
For hazards bound selected fields
To hold men back, to keep man down.
The scratch, the scars are slow to heal,
Which life's cruel barbs have made.
Though thorn and brier shall hold me back
My thoughts shall pass on through.

Julie,
I really don't know you very well, but Yolanda has told me alot about you. And you really sound nice. I hope to get to know you better,
Good luck

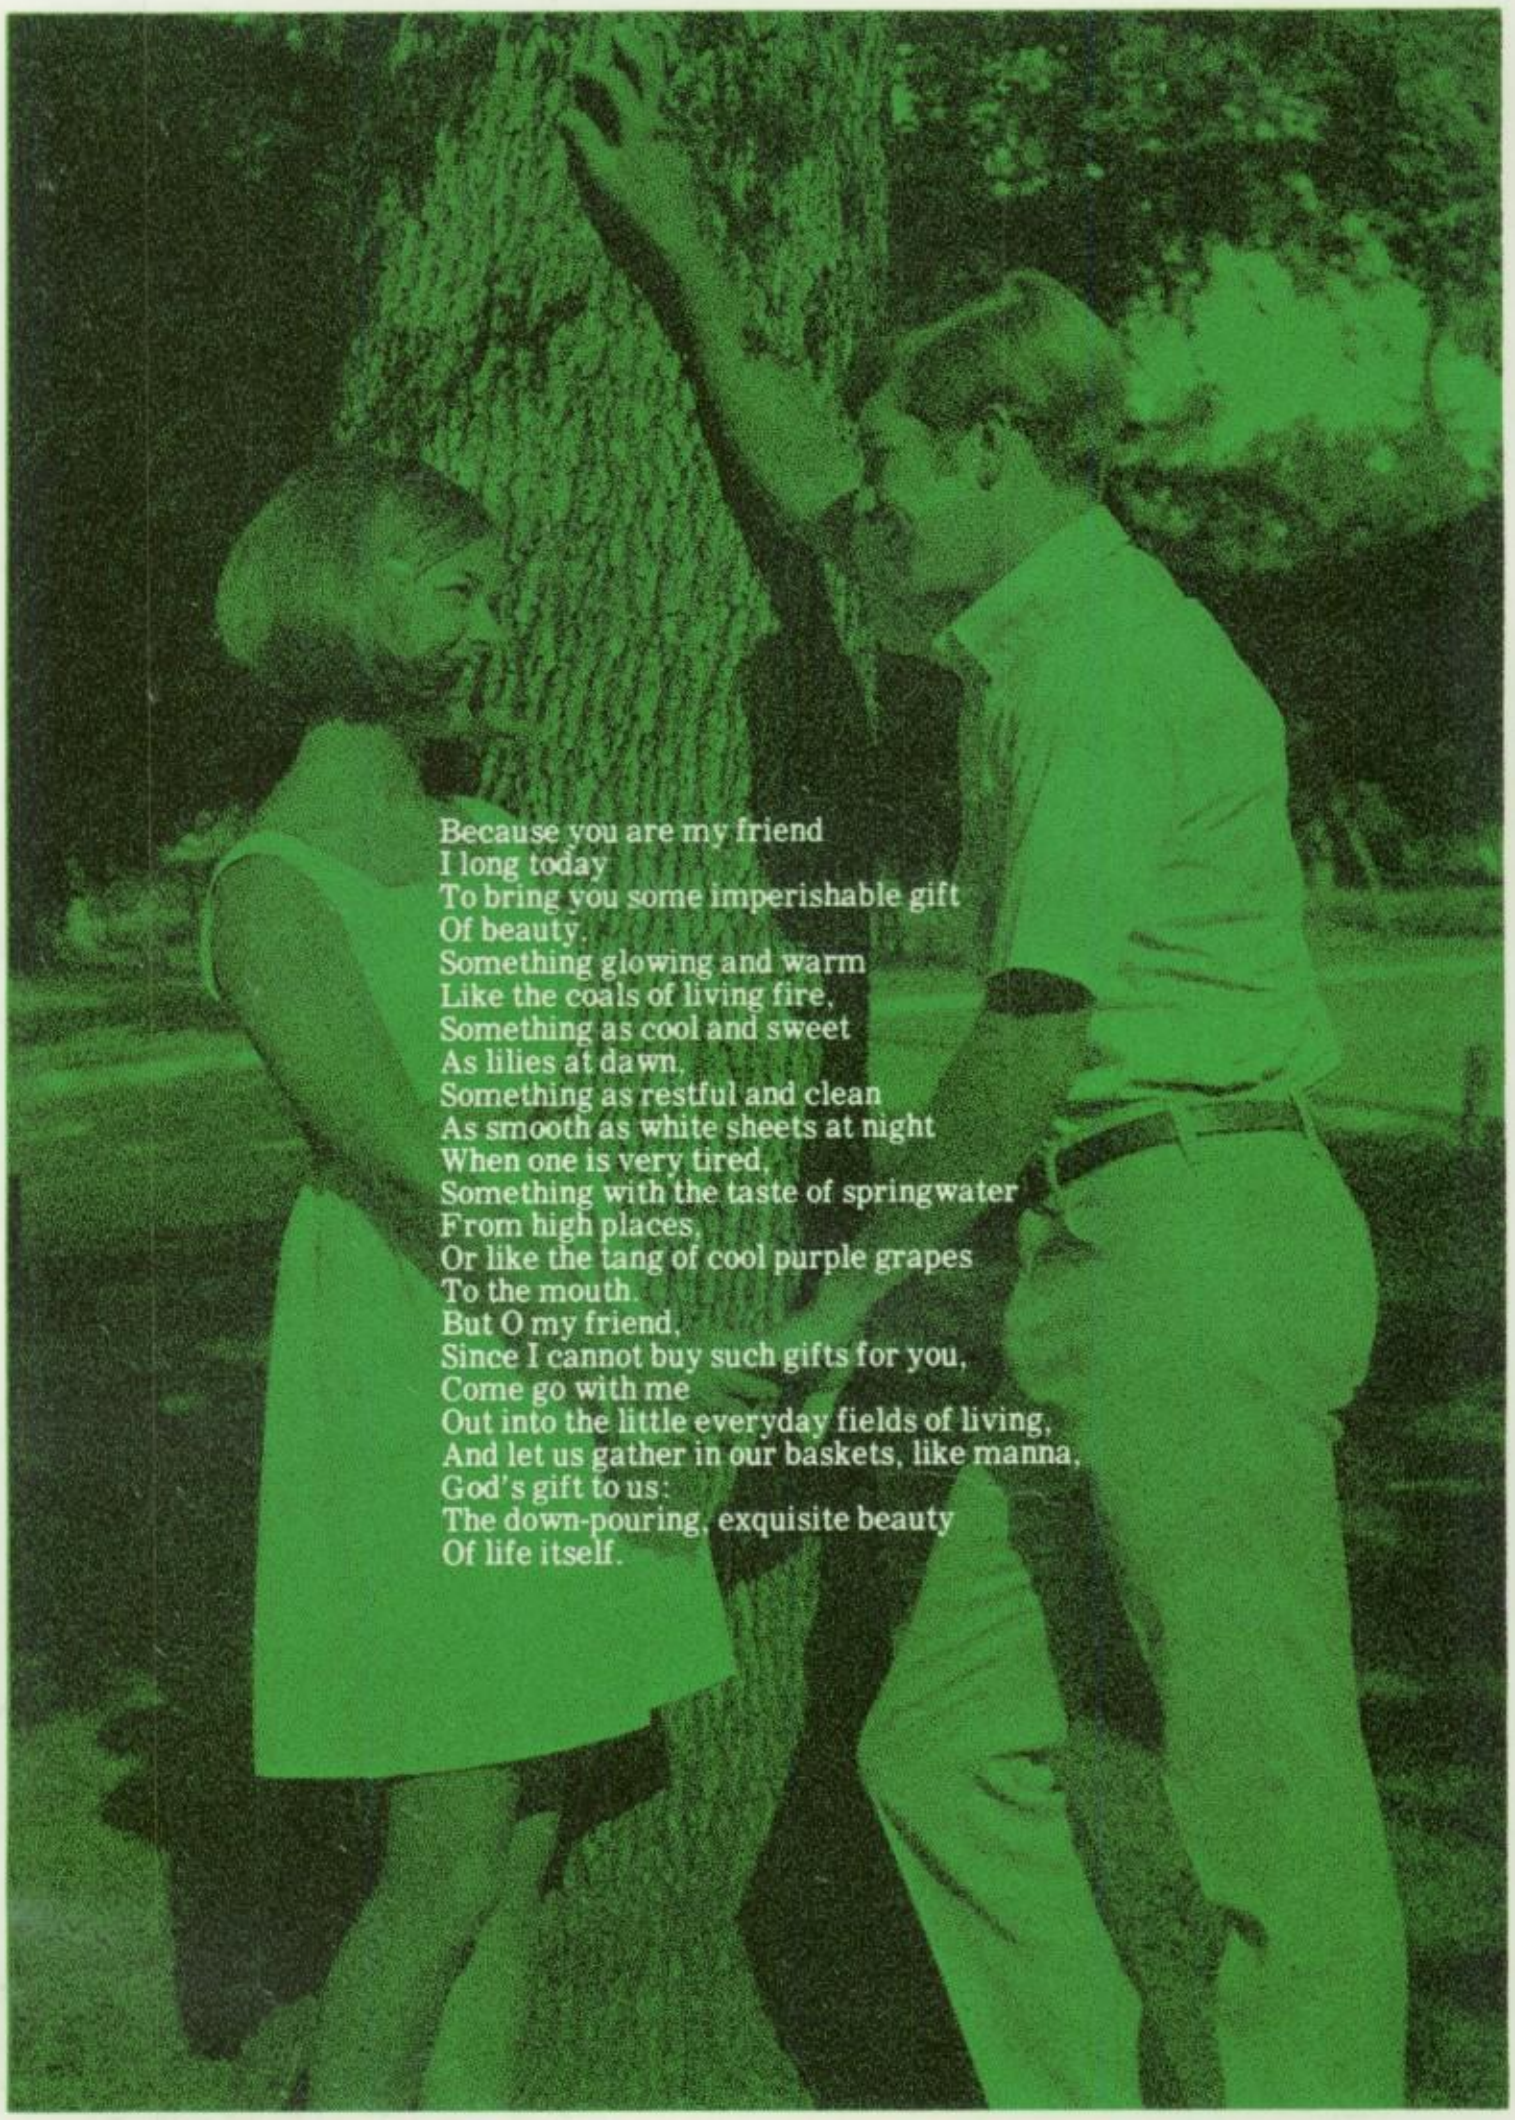
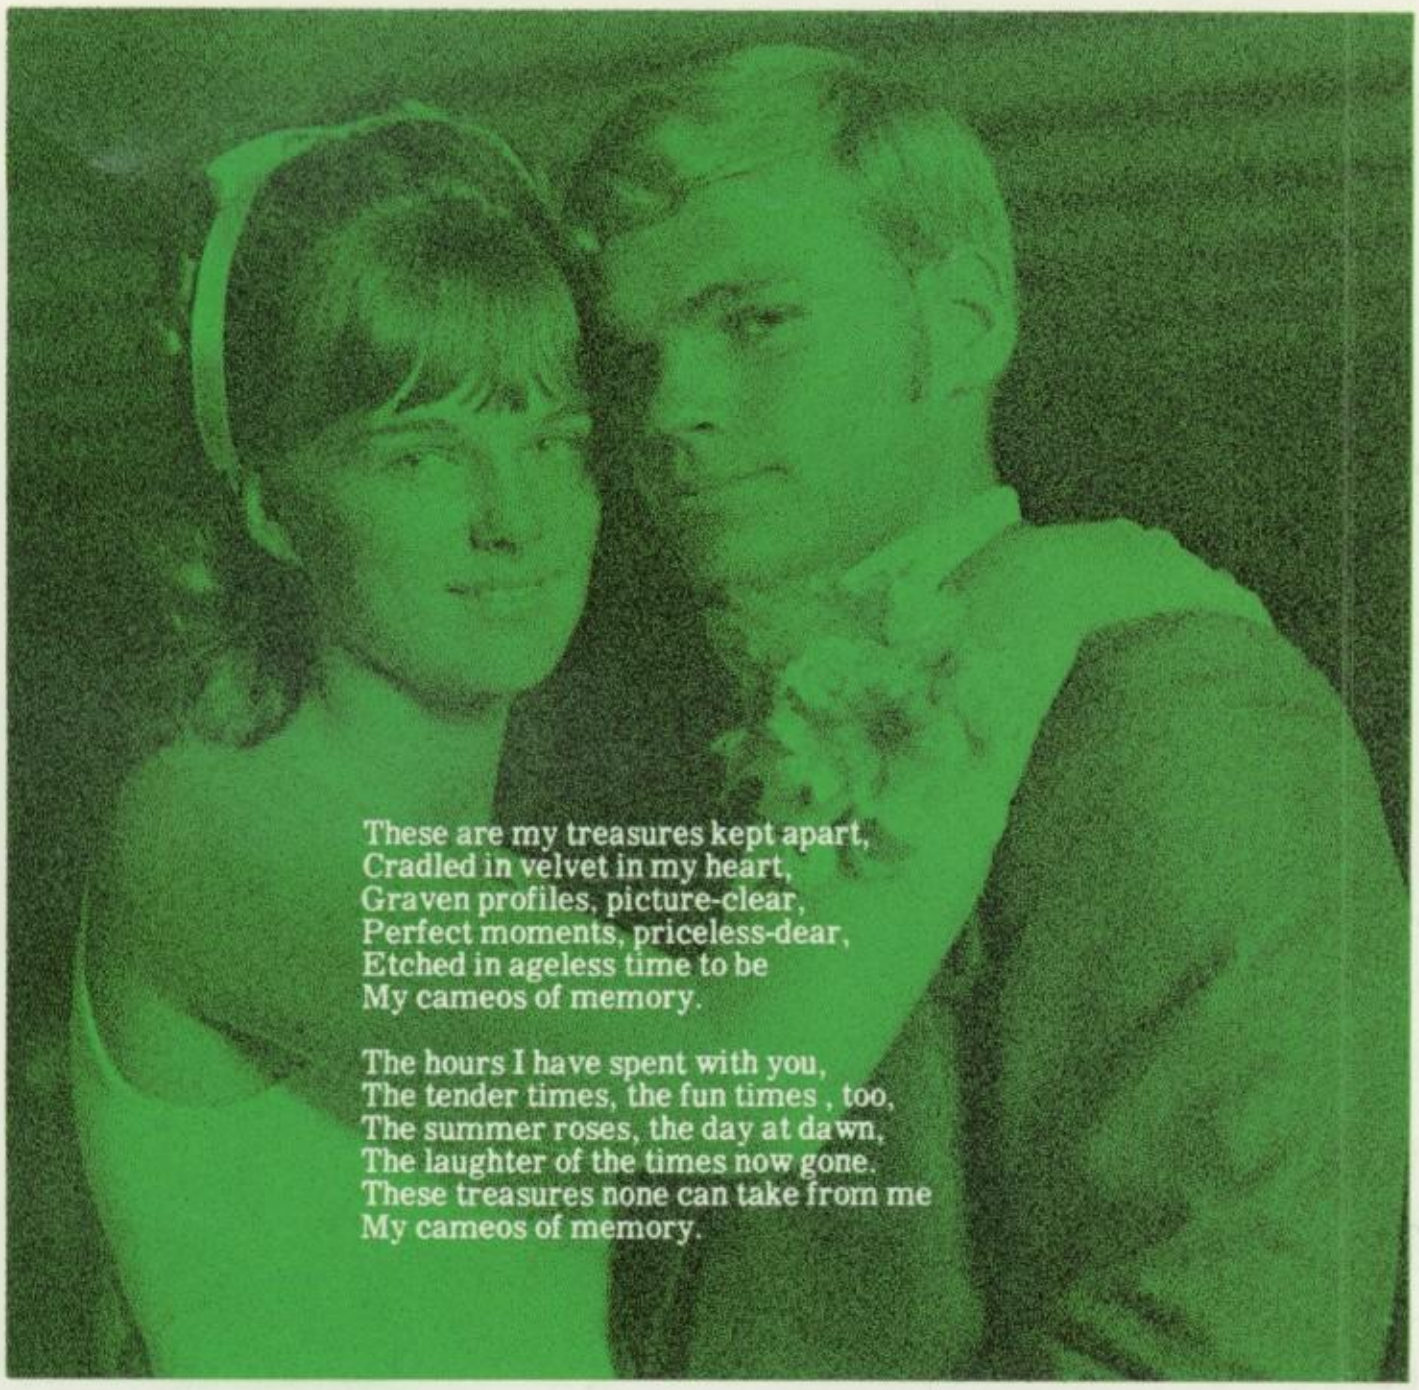
"70" rules

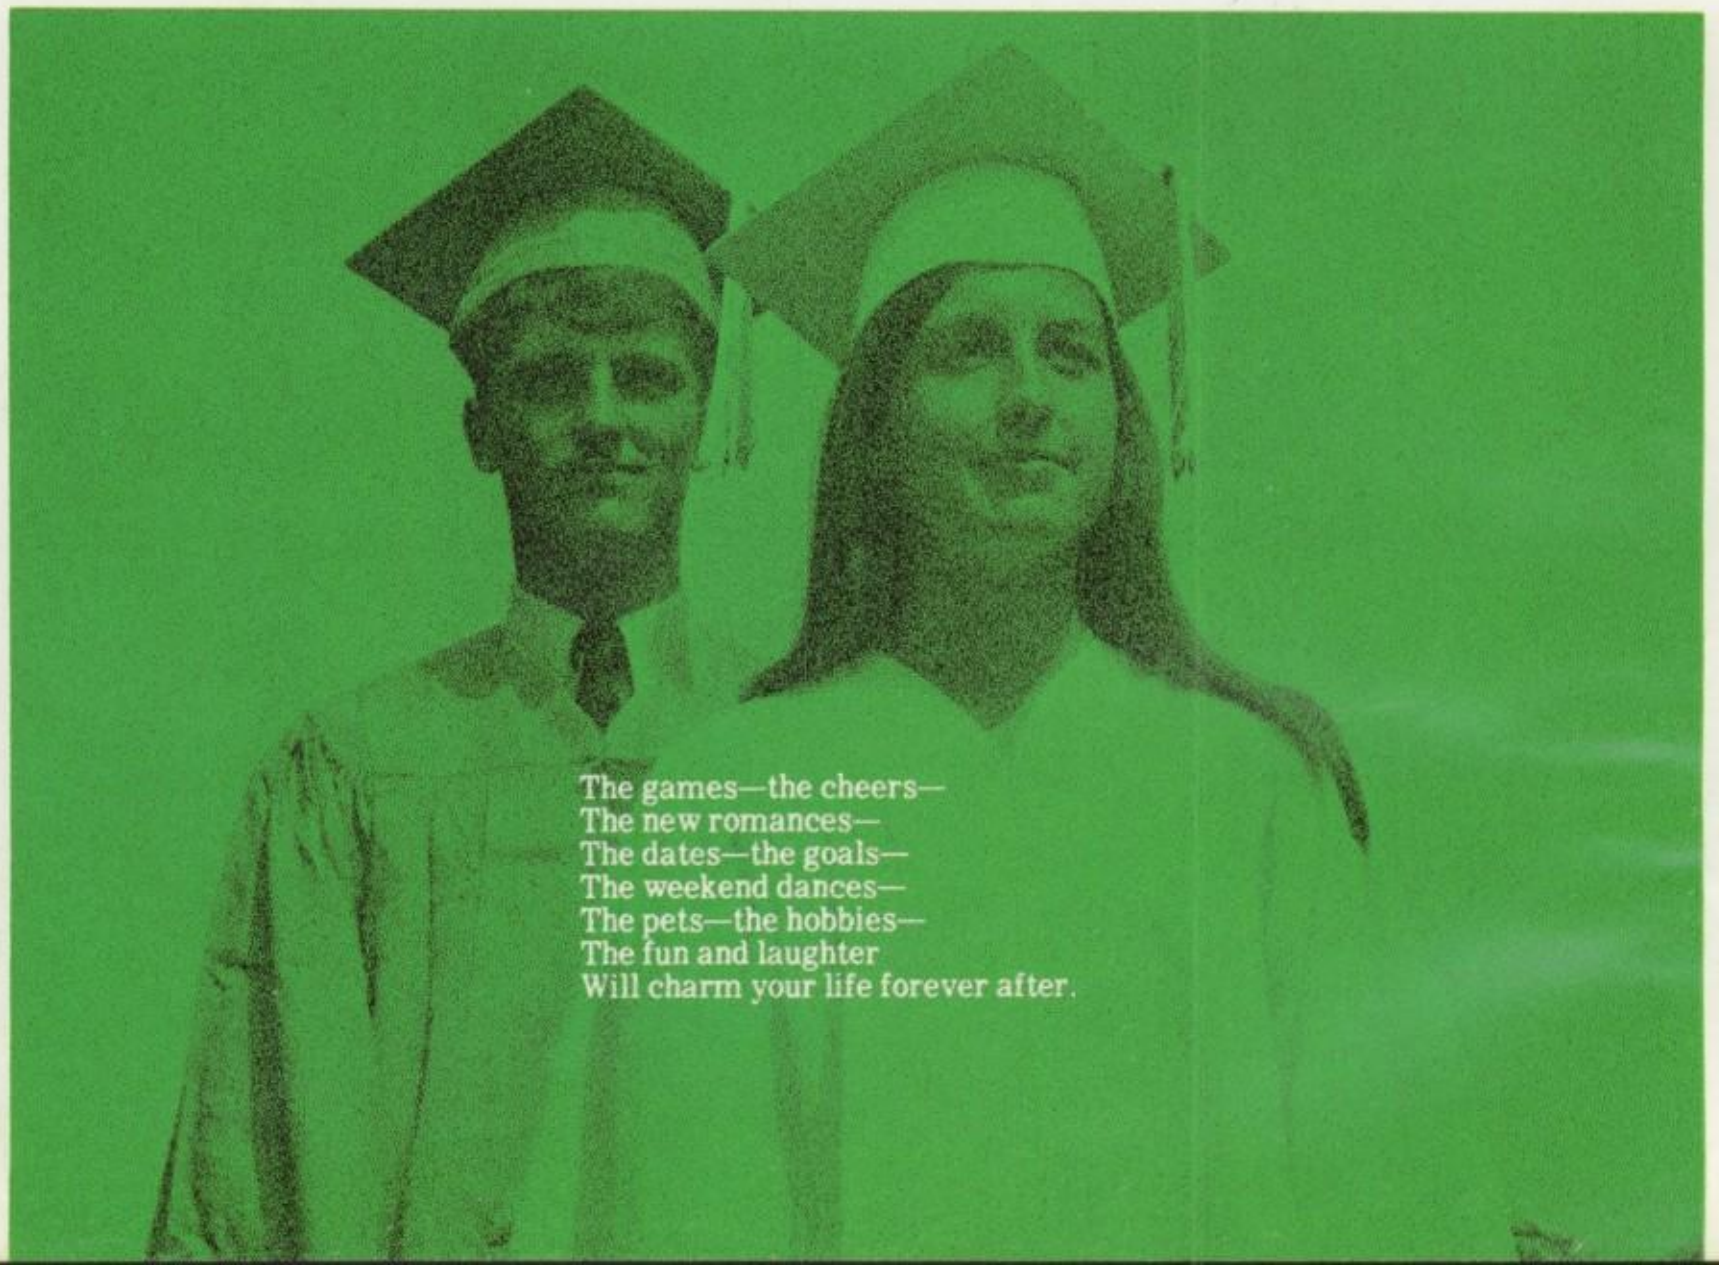


Because you are my friend
I long today
To bring you some imperishable gift
Of beauty.
Something glowing and warm
Like the coals of living fire,
Something as cool and sweet
As lilies at dawn,
Something as restful and clean
As smooth as white sheets at night
When one is very tired,
Something with the taste of springwater
From high places,
Or like the tang of cool purple grapes
To the mouth.
But O my friend,
Since I cannot buy such gifts for you,
Come go with me
Out into the little everyday fields of living,
And let us gather in our baskets, like manna,
God's gift to us:
The down-pouring, exquisite beauty
Of life itself.



These are my treasures kept apart,
Cradled in velvet in my heart,
Graven profiles, picture-clear,
Perfect moments, priceless-dear,
Etched in ageless time to be
My cameos of memory.

The hours I have spent with you,
The tender times, the fun times , too,
The summer roses, the day at dawn,
The laughter of the times now gone.
These treasures none can take from me
My cameos of memory.



The games—the cheers—
The new romances—
The dates—the goals—
The weekend dances—
The pets—the hobbies—
The fun and laughter
Will charm your life forever after.

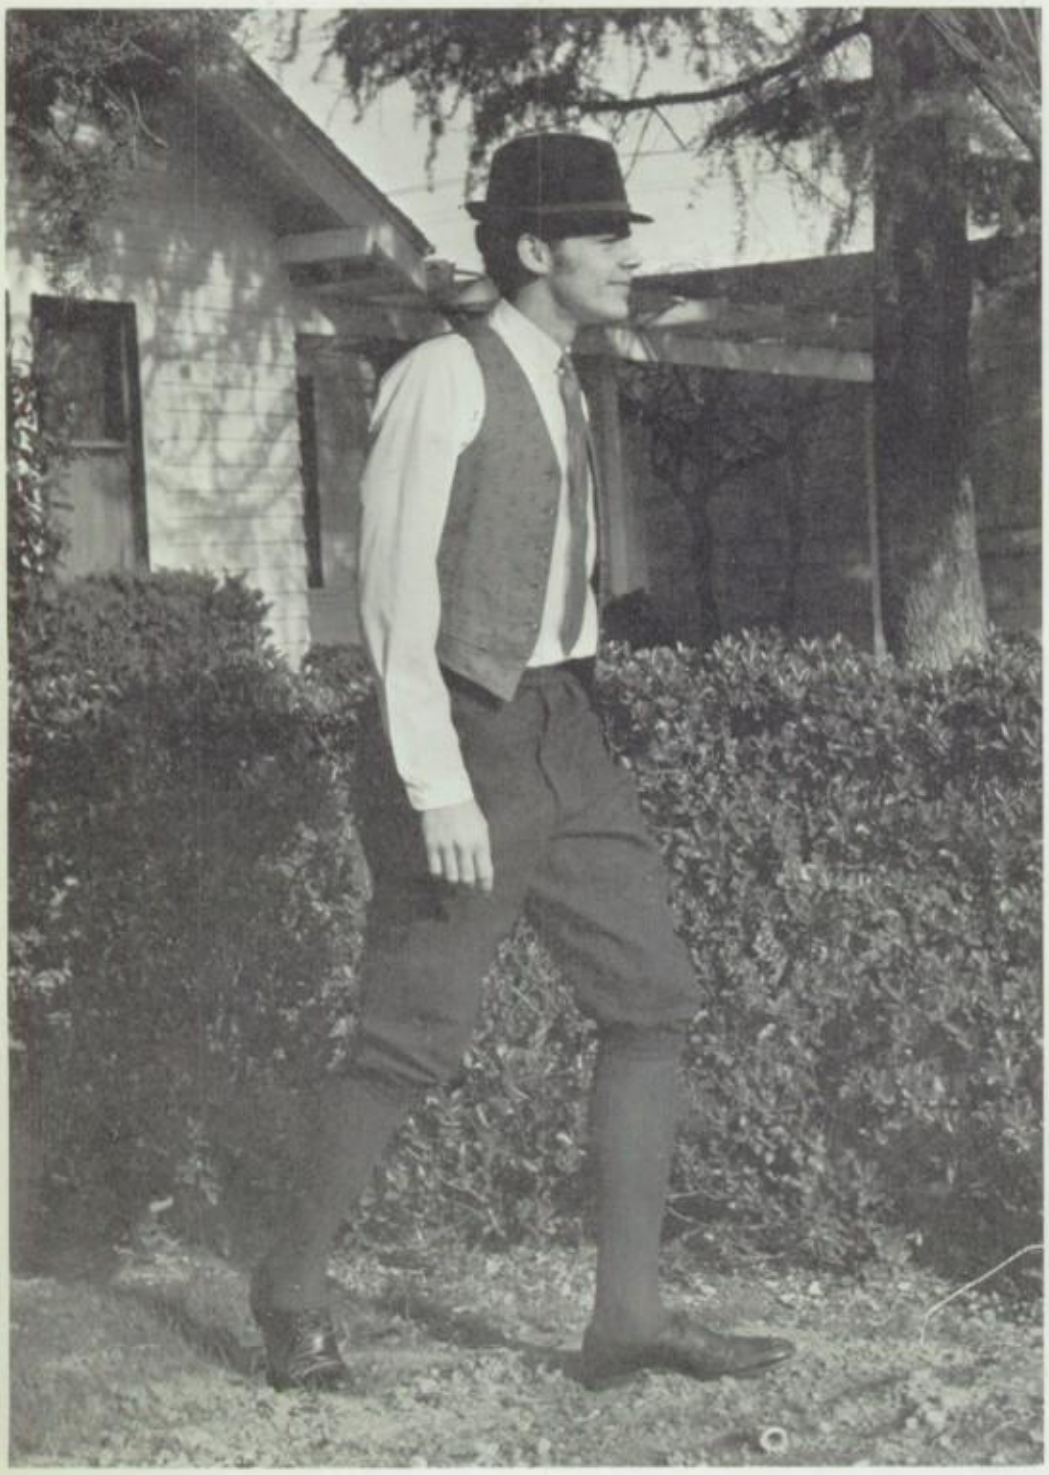
OUR JIM GOES AUSTRIAN



Making hay, feeding cattle, building brick walls, tending crops, and sightseeing all highlighted my summer stay in Austria. Although my summer was not all play, it was all fun! In order to truly understand people you must bring yourself up to their level. If you live with people that work in the field, you must work in the field with them if you ever want to try to understand them. That, basically, is the philosophy of A.F.S. If you want to learn about people, you must render yourself totally to their conditions. This is always a very new and interesting experience. My stay with the Pammer family in Steiermark was both very new and very interesting, not to mention very fun! Needless to say, I had my rough times, but, all in all, my summer was very rewarding.

Servus,

"Exchange student ... we should all be exchange students, willing to study new ideas and views and then exchange them with other people. I am a FOREIGN exchange student this year, which gives me an ever bigger chance to study and exchange. This is due both for the close people to people contact that I have experienced, and on a wider scale—the contact and exchange of Sweden and the United States.

Such a lot of "big things" has happened during this year, things I will remember all my life, but more important are those "little things" that I perhaps won't remember one by one later, but they will always be there as a part of my impression of this country and it's people. "Small things", like a friendly smile, help with a difficult word, all the wonderful talks I have with people and also things like someone throwing food in the cafeteria, the news, etc.

Once in a while I felt a little foreign, but most of the time I am surprised for see how similar life is and how similar people are. This is what's wonderful about exchanging ideas and talking to people, after a while you find out you're not alone, that there's a lot of people like yourself and there's a lot to learn from those people.

I'd like to thank you all for exchanging with me, a special thanks for AFS which made it all possible, and ask you to continue with this exchange of ideas—as this is the only way to establish understanding among people, the understanding that is getting more necessary day by day ...

The Panthers captured the CYL crown for the 3rd consecutive time this year. The season wasn't an easy one, and the team had to work hard for the league title. They felt their best game was against Mt. Whitney. At the time the Pioneers were in first place in league action. The Panthers were prepared to meet their opponents, however, and literally marched the Pioneers off their own field with a score of 26-0. Rick Bland was named as the team's Player of the Year, , while Mike Moyle earned Best Back, Andy Schultz, Best Lineman, Jeff Keck Most Improved, and Fran Torigian Most Inspirational.

Coach: Howard Clarke

The 1969 Cross Country season was one of both brightness and inexperience. This was the first season for 21 of the 27 boys on the squad. The Varsity team, even though inexperienced, finished the CYL in 3rd place with a 4 win-2 loss record. The losses were to Redwood and to first year Monache. Outstanding runners were Mark Daniel, Ralph Baeza, Carlos Medinos, and Phil Broderson. This rebuilding year also produced a 10th place finish in the Central Section CIF finals. Only 3 boys were seniors on the team so it appears that the year of hard work has provided a base for next year with 24 boys returning. The thinclads most outstanding runner was Mark Daniel with a 10:30 clocking for the two mile. The most improved runner was Phil Broderson who started the season with a 12:21 and finished with a 10:53 time.

Coach Clark

The 1969 Cross Country season was a year of rebuilding. The Frosh-Soph placed fifth in the Yosemite Divisionals while the Junior Varsity tied for third in the CYL. The most improved runners were Phil Broderson and Carlos Medina. The outstanding runner was Ralph Baeza, clocking a time of 10:33 for the two-mile run. Since there were only three seniors on the squad, there should be a firm base for next year's team.

Coach Ron Kavern

Almost ... but not quite. This describes our Varsity Basketball team's close race for the CYL Championship. Our hard-fighting Panthers completed the season in 2nd place, after many well-earned victories. Proud of his team's 10-2 record, Coach Kavern commended them on good defense and shooting, combined with their great hustle. Hustle was the name of the game as our Panthers defeated Hanford in the outstanding game of the season. Special recognition was given to Bob Parker as best offensive player, Richard Christenson as most improved player, Rick Bland as most inspirational player, and Mike Moyle and Dave Federoff both received best defense honors.

Teamwork ... this was the key trait displayed in all games undertaken by the Cats. With a great spirit to win, they ended up the basketball season third place in the CYL . With all the team members so close in ability, the Cats games were always filled with action. The end of the season noted Steve Wood as most outstanding offensive player and Lafarr Lasseter as most improved.

Coach Berryhill

The Kittens felt that this year was a year of accomplishment. Their best game of basketball was felt to be against Hanford with the score of 36-34. This avenged a 19 pt. loss to Hanford in the first round of league action. Pulling through the CYL with a 2nd place, the Kittens ended the season.

The most outstanding player was named Gonsalo Galvan, while Mitchell Millinich and John Clearman were named as the most improved and most inspirational, respectively.

Coach Tracy Armstrong

Confidence in the Varsity golf team is expressed by coach Tracy Armstrong, who feels strongly that his team will win the 1970 CYL Championship. Although little league action had occured at press time, the decisive one of the season had already been played. From a team of good Varsity golfers, Mike Moyle was selected as the most outstanding player, Rocky Boosalis as the most improved player, and the most inspirational player was Mike Bussey.

OUR PANTHER TEAM

Baseball—the all-American sport! And our Panthers continued the tradition in fine style. As of this account, the Varsity baseball team was tied for second place in CYL—a 4-2 league record. Prominent in the memory of Coach Fredericks was the game played against Roosevelt, who was felt by many as the best team in the valley.

Honors for outstanding players were shared by Mitch Brookins, Bob Misko, John Alba, and Mike Jacobs. Named as most improved player was Mike Jacobs, and as most inspirational player was Robert Lomeli.

dedication

A builder builded a temple,
He wrought it with grace and skill;
Pillars and groins and arches
All fashioned to work his will.
And men said as they saw its beauty:
"It will never know decay,
Great is thy skill, O builder!
Thy fame shall endure for aye."

A Teacher builded a temple,
With loving and infinite care;
Planning each arch with patience,
Laying each stone with prayer.
None praised the unceasing efforts,
None knew of the wonderous plan,
For the temple the Teacher builded
Was unseen by the eye of man

Gone is the builder's temple,
Crumbled into dust;
Low lies each stately pillar—
Food for consuming rust.
But the temple the Teacher builded
Will last while the ages roll;
For that beautiful unseen temple
Was a child's immortal soul!

Seniors: May you cherish deeply the memories of the years gone by—years of school marked by knowledge learned, friends gained, laughter heard. Think of your graduation not as an end, but as a beginning of a new life. May you . . . "Give the best you have received from the past to the best that you may come to know in the future.

Accept life daily not as a cup to be drained but as a chalice to be filled with whatsoever things are honest, pure,

lovely, and of good report.

Making a living is best undertaken as a part of the more important business of making a life.

Every now and again take a good look at something not made with hands—a mountain, a star, the turn of a stream. There will come to you wisdom and patience and solace and, above all, the assurance that you are not alone in the world."

It's been nice knowing you
You were a great friend in Math. Hope to see you in the years to come. I don't think I'll see you next year because I'll be moving to Bakersfield.
Love always

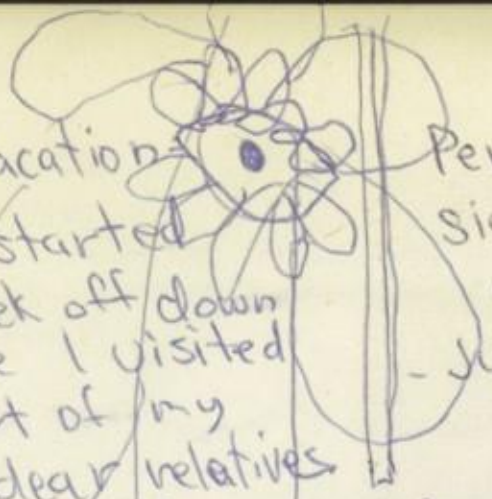
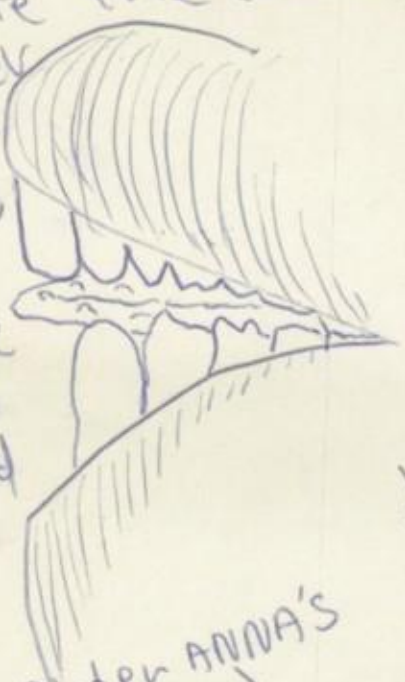
Summer Vacation

First of all I started my first week off down in L.A. where I visited the other part of my family and dear relatives (My home away from home) As soon as I got there I went to a car club party where I had lots of fun. Then I stood at different relatives houses. I came back to Porterville for summer skool after the second day. (I have one day more in order to complete the course.) Did pretty good after caught up with work. Saturday, morning 4:30, June 20, 1970 friends David & Ian picked me up and we went to S.F. for the day, had lot of fun. (Got back at 10:30.)





Well It's Been A Pretty Good Year, I Guess, For the First Year At Least, Had Some Fun, Nice People I met after 2 years Away From P'ville. Time to give a Head avest AFTER A WEEK of Exams, AND 8 mos. & 3 wks. of school. Hope to HAVE Fun In the Summer. I Look Forward to my sophomore year, where I Hope to do as Good as I DID THIS TIME. Well I guess that's all I have to say now.
